

**Schedule for 3rd year 6th semester - academic year 2017/2018 spring semester**

	Monday					Tuesday					Wednesday					Thursday					Friday									
Seminar	A		B			A		B			A		B			A		B			A		B							
Laboratory	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5					
7.45-8.00																														
8.00-8.15	Introduction to Surgery lecture + seminar room 6					Immunology seminar					Introduction to Surgery II lab	Physiology I lab	Genetics II lecture room 6 starts April 12, 2018					Histology II lab + seminar												
8.15-8.30																														
8.30-8.45																														
8.45-9.00																														
9.00-9.15																														
9.15-9.30	Immunology lab					Genetics II seminar room 302					Physiology I lab	Physiology I seminar room 204/205																		
9.30-9.45																														
9.45-10.00	Physiology I seminar room 104					Genetics II lab	Immunology seminar					Introduction to Surgery II lab	Physiology I lab	Immunology lecture every two weeks starts March 1, 2018 room A3																
10.00-10.15																														
10.15-10.30	Histology II lecture room 6					Genetics II lab	Gross Anatomy II lab					Introduction to Surgery II lab	Physiology I lab	Gross Anatomy II lab																
10.30-10.45																														
10.45-11.00	Physiology I lecture room A3 first lecture March 5, 2018					Genetics II lab	Gross Anatomy II lab					Introduction to Surgery II lab	Physiology I lab	Gross Anatomy II lab																
11.00-11.15																														
11.15-11.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Genetics II seminar room 102																
11.30-11.45																														
11.45-12.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
12.00-12.15																														
12.15-12.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
12.30-12.45																														
12.45-13.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
13.00-13.15																														
13.15-13.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
13.30-13.45																														
13.45-14.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
14.00-14.15																														
14.15-14.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
14.30-14.45																														
14.45-15.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
15.00-15.15																														
15.15-15.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
15.30-15.45																														
15.45-16.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
16.00-16.15																														
16.15-16.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
16.30-16.45																														
16.45-17.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
17.00-17.15																														
17.15-17.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
17.30-17.45																														
17.45-18.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
18.00-18.15																														
18.15-18.30	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
18.30-18.45																														
18.45-19.00	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
19.00-19.15																														
19.10-19.15	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
19.15-19.30																														
19.30-19.45	Gross Anatomy II lecture					Genetics II lab	Gross Anatomy II lab					Physiology I lab	Gross Anatomy II lab	Gross Anatomy II lab																
19.45-20.00																														

Genetic labs and seminars start March 26, 2018
