

## Course description

General information about the course	
<b>1. Major of study:</b> medicine	<b>2. Study level:</b> unified MSc <b>3. Form of study:</b> intramural
<b>4. Year:</b> I	<b>5. Semester:</b> I, II
<b>6. Course name:</b> Nursing Practice	
<b>7. Course status:</b> required	
<b>8. Course contents and assigned learning outcomes</b> <ol style="list-style-type: none"> <li>1. Hypertension</li> <li>2. Myocardial infarction</li> <li>3. Stroke</li> <li>4. Tobacco smoking and tobacco-related diseases</li> <li>5. Obesity</li> <li>6. Diabetes type 1 and 2</li> <li>7. Chronic kidney disease</li> <li>8. Infection of urinary tract and urolithiasis</li> <li>9. Diarrhea and constipation</li> <li>10. Cancers - breast, prostate, lungs, leukemia, stomach, the large intestine,</li> <li>11. Diet in different diseases.</li> <li>12. The importance of physical activity in the prevention of lifestyle diseases.</li> <li>13. Anemia</li> <li>14. Endoscopy of the gastrointestinal tract</li> <li>15. Dyspepsia, peptic ulcer, inflammatory bowel disease (Crohn's disease, ulcerative colitis)</li> <li>16. Cirrhosis hepatis</li> <li>17. Vitamins</li> <li>18. Thyroid gland diseases</li> <li>19. Rheumatoid arthritis, osteoporosis, degenerative joint disease, gout</li> <li>20. Allergy. Asthma</li> <li>21. Addictions – alcoholism (alcohol addiction), drug (opioid, cocaine, cannabis, amphetamine) addiction, “legal highs”.</li> <li>22. HIV and AIDS</li> <li>23. Vital signs</li> </ol> <p><b>Learning outcomes / reference to learning outcomes indicated in the standards</b></p> <p><b>For knowledge – student knows and understands:</b> E.W1, E.W7.</p> <p><b>For skills student can do:</b> E.U1., E.U7., E.U13., E.U14., E.U15., E.U16., E.U24., E.U29., E.U32.</p> <p><b>For social competencies student is ready to</b></p> <ol style="list-style-type: none"> <li>1) establishing and maintaining deep and respectful contact with the patient, and showing understanding of ideological and cultural differences;</li> <li>2) guiding the patient's well-being;</li> <li>3) compliance with medical confidentiality and patient's rights;</li> <li>4) taking actions towards the patient based on ethical principles, with awareness social conditions and restrictions resulting from the disease;</li> <li>5) perceiving and recognizing one's own limitations and self-assessment educational deficits and needs;</li> <li>6) promoting health-promoting behavior;</li> <li>7) using objective sources of information;</li> <li>8) formulating conclusions from own measurements or observations;</li> <li>9) implementation of the principles of professional camaraderie and cooperation in a team of specialists, including representatives of other medical professions, also in the environment multicultural and multinational;</li> </ol>	

10) formulating opinions on various aspects of professional activity;  
 11) assuming responsibility related to decisions taken under professional activity, including in terms of own and other people's safety.

<b>9. Number of hours for the course</b>		<b>120</b>
<b>10. Number of ECTS points for the course 4</b>		<b>4</b>
<b>11. Methods of verification and evaluation of learning outcomes</b>		
Learning outcomes	Methods of verification	Methods of evaluation*
Knowledge	multiple choice tests after every lab	*
Skills	Observation	*
Competencies	Observation	*

\* The following evaluation system has been assumed:

**Very good (5,0)** – the assumed learning outcomes have been achieved and significantly exceed the required level

**Better than good (4,5)** – the assumed learning outcomes have been achieved and slightly exceed the required level

**Good (4,0)** – the assumed learning outcomes have been achieved at the required level

**Better than satisfactory (3,5)** – the assumed learning outcomes have been achieved at the average required level

**Satisfactory (3,0)** – the assumed learning outcomes have been achieved at the minimum required level

**Unsatisfactory (2,0)** – the assumed learning outcomes have not been achieved
